

Winter Steelhead Flies

Green Butt Krystal Bullet Tube Fly

Body Core: Tubing of choice in material, diameter and length.
Tail Wrap: Red Saddle Hackle – two to three turns only.
Butt: Chartreuse Cactus Chenille – smaller than used for the body.
Ribbing: Silver Holographic braid twisted into a rope.
Body: Black Pearl New Age Chenille.
Hackle: Purple Saddle - palmered over body secured with ribbing.
Head/Collar: Grizzly Krystal Flash Black/White tied Bullet Head style.

MOAL (Mother Of All Leeches)

Rear Hook: "Octopus" style short shank hook - size 2 to 6.
Body Core: High strength fine-diameter braided line attached to Front Body Shank and looped to extend to rear hook—twisted.
Adhesive: "Tear Mender" (a strong flexible adhesive used on the core.)
Body Wrap: Cross Cut Rabbit Strips.
Front Shank: Conventional hook with bend cut off after completion.
Optional: Bead Chain, Lead Eyes or Cone Head on Front Shank.

Chain Link Leech

Hook Tail: Red hackle fibers tied on the hook itself, extending a hook length beyond the bend.
Hook Body: Chartreuse Chenille or yarn from point to near eye.
Body: Sections - 12.5mm Waddington Shank. Glitter Yarn, Cross Cut Rabbit Strips, or feathers wrapped over the Shank.
Connectors: Small Split Rings joining body sections.
Optional: Bead Chain or Lead Eyes on the front body section.

Egg Sucking 'Lectric Leech
